

SAP Analytics Cloud FP&A Solution

Budget vs Actual, Drilldown & Forecast Planning

Project Objective :

Develop an end-to-end Financial Planning & Analysis solution using SAP Analytics Cloud to analyze Federal Budget data, perform Budget vs Actual comparisons, enable Agency-level drilldowns, and support Forecast & Scenario Planning.

Technologies Used :

- SAP Analytics Cloud
- Data Modeling
- Financial Planning & Analysis
- Scenario Planning
- Dashboard Story Design
- Historical Federal Budget Data

Project Features :

- Executive Dashboard
- Budget vs Actual Analysis
- Agency → Bureau → Account Drilldown
- Forecast & Scenario Planning
- Interactive Filtering
- KPI Monitoring

Dataset Information :

- Source: US Office of Management and Budget (OMB)
- Data Coverage: FY1962–FY2025
- Dashboard Analysis Period: FY2000–FY2025
- Dimensions: Agency, Bureau, Account, Fiscal Year, Version, Category
- Measure: Amount
